About the Programme

The ESG Materiality Assessment and Sustainability Reporting seminar is designed to empower organizations with the knowledge and tools they need to thrive in an increasingly sustainable and responsible business landscape. In today's world, environmental, social, and governance (ESG) considerations have become pivotal in shaping corporate strategies and investor decisions.

This programme offers a comprehensive and actionable curriculum, aimed at equipping professionals, decision-makers, and sustainability enthusiasts with the expertise to navigate this critical terrain effectively

Duration:
4 days

Dates:
First Run
Starts - April 23, 2024

Second Run
Starts - Tuesday, October 22, 2024

Programme Delivery
LBS Campus

Dates:
N499,000

Facilitating Partner

Programme Modules

- Introduction to ESG and Sustainability
- Materiality Assessment Frameworks
- Sustainability
- Reporting Frameworks
- Data collection and Management
- Reporting Process and Communication

Key Learning Outcomes / Takeaways

- Recognize the potential business benefits and risks associated with ESG considerations.
- Learn how to map and engage with relevant stakeholders to assess material ESG issues.
- Explore various materiality assessment frameworks and methodologies, such as GRI and SASB.
- Gain skills in data collection and analysis to prioritize and report on material ESG factors.
- Understand the strategies for stakeholder communication and engagement.
- Tailor ESG materiality assessment to meet the unique needs of a particular business sector.
- Utilize reporting templates and resources for efficient sustainability reporting.

Target Audience

Middle, senior and executive-level functional managers in organisations involved in sustainability strategy development, human resources, corporate social responsibility initiatives, strategy, marketing, health, safety, and environment (HSE), risk management and governance.
