Enhance your operational expertise with practical insights and real-world application

Programme date
June 1, 2026

Mode of delivery
Hybrid

Duration
5 days

Fee
₦950,000
Excluding VAT

Overview

Every organization, whether private, public, or non-profit, runs on operations. From production lines to administrative tasks, success depends on how well those operations are managed.

The Developing Analytical Competence for Managing Operations programme at Lagos Business School helps leaders understand how to analyze, design, and improve processes that drive efficiency and value.

Participants will gain hands-on experience in solving real-world operational challenges, enabling them to deliver better results, reduce waste, and strengthen their organization's overall performance.

Master the art of managing operations effectively across industries. This programme equips professionals with practical tools to optimize resources, streamline processes, and achieve sustainable performance in any organizational setting.

Learning Objectives and Benefits

Participants in the program will learn

- **Acquire Analytical Tools:** Learn to effectively manage and improve operations in any environment.
- **Optimize Resources and Productivity:** Develop skills to maximize efficiency and enhance performance.
- **Design Efficient Processes:** Create workflows that support strategic business objectives.

Who Should Attend

This programme is ideal

- Executives and Managers driving operations in manufacturing, services, and public sectors.
- Professionals in Banking, Healthcare, Insurance, Transportation, and NGOs overseeing performance, productivity, and process efficiency.
