Mode of Delivery:
Hybrid

Programme Dates

1st Run: **April 7, 2025** (25 days over 5 months)

2nd Run: **July 14, 2025** (25 days over 5 months)

Programme Overview

The Advanced Management Programme (AMP) is focused on refining key management and leadership skills. The programme encourages participants to view their business environment and the world from a different perspective where assumptions are challenged, and new opportunities revealed. The learning methodology and diverse network enhance the experience of participants.

On the Advanced Management Programme (AMP), participants would have an opportunity to join participants from other global business schools at the IESE Business School for a week-long international module in Barcelona, Spain.

Learning Objectives and Benefits

At the end of this programme, participants will learn to:

- Develop compelling business strategies from opportunities uncovered in learning and interacting with a diverse mix of professionals.
- Learn to lead people to peak performance in challenging environments, by aligning the organisation with a shared vision.
- Understand the top-level tools necessary to manage and monitor organisational performance.
- Identify the ethical issues in every aspect of the organisation's operations.
- Learn realistic and time-honoured methods of coping with ambiguity and uncertainty in today's business world.
- Develop the skill to strengthen or modify company culture when required.

Who should attend

The Advanced Management Programme is for Executive Directors and General Managers who are preparing to lead multifunctional organisations. It is a transformational experience that helps participants perfect their leadership capabilities such that they can advance their organisations, knowing which levers to pull to create an environment that delivers on set objectives. The programme prepares senior executives for the role of chief executive. Typical AMP participants are direct reports of CEOs of companies with an annual turnover of N10 billion. The programme features General Managers, directors and second level CEO reports of companies with annual revenue over N30 billion, who are preparing for higher responsibilities.
